

Session WN1NOV2018 Session comment

*written July 24, 2022*

The original session video was 4 hours 6 minutes long and was edited down to 3 hours 17 minutes, because two of the four news stories had a lot of material discussed in them which would have been inappropriate or uncomfortable to publish. The original full length session video still exists in my files.

News predictions covered in this session:

NEWS PREDICTION 1 - A military airplane goes down into the sea.

NEWS PREDICTION 2 - A treasure is retrieved from the sea by a ship at sea.

NEWS PREDICTION 3 - A demonstration parade which makes many people feel frightened.

NEWS PREDICTION 4 - A royal baby boy is born.
